

Location	Oxford
Client	John Radcliffe Hospital
Principal contractor	Willmott Dixon
Value	£120,000
Duration	10 Weeks
Quantities	180m3 Concrete - 600m2 Floor Slabs
Scope of Work	<p>This project saw us construct a 2 story extension to the Neonatal Intensive Care Unit at the John Radcliffe Hospital facility in Headley Way ,Oxford. This is part of a £5.5m expansion of the unit that will double the number of cots for desperately-ill newborn babies to 20</p> <p>The works included all the drainage and foundations, installation of reinforced flooring to both upper and lower floors as well as the associated services.</p>
