

**PROJECT PROFILE:** Interchange Retail Park

|                             |   |
|-----------------------------|---|
| <b>Location</b>             | Kempston, Bedfordshire  |
| <b>Client</b>               |   |
| <b>Principal Contractor</b> | RG Carter   |
| <b>Value</b>                | £800,000.00   |
| <b>Duration</b>             | 9 months  |
| <b>Scope of Work</b>        | <p>The Interchange Retail Park in Bedford will eventually be an exciting mixture of shops which will consist of nationally recognised retailers such as Costa Coffee, Marks &amp; Spencers &amp; Motor Vogue to name a few. With the location just a short drive from Bedford (Kempston), its an ideally situated retail park for the surrounding area. With Barton Civils performing the groundworks package of the project including hard landscaping, drainage, sub-structure work as well as internal powerfloated floors and workshop recessed pits. A challenging project which we're proud to play our part in bringing to fruition.</p> |
