

GROUNDWORKS & CIVIL ENGINEERING QUANTITY SURVEYOR

Salary: Negotiable.

The Organisation

Barton Civils Limited, established in 2001, is a groundwork and civil engineering contractor based in Kettering, Northamptonshire and working in the Education, Industrial, Residential, Highways and Commercial Sectors.

The Position

An experienced groundwork's and civil engineering quantity surveyor is required to work as an integral member of the commercial team. Working alongside the Contracts Manager, you will ensure projects are kept to budget. You will have good cost and budget reporting skills together with contractual knowledge. The project values range up to £2.5m.
